

East Texas Barn Quilt Trail Kick Off - September 30, 2019

Like colossal roadside canvases, barn quilts artistically combine two symbols of Texas heritage—barns and quilts. The colorful patterns, painted on or hung on hundreds of barns, houses or even sheds throughout the region, create the backdrop for a series of driving and walking tours perfect for an afternoon escape. Do you want to be a part of an East Texas driving tour that will connect art with the city, a scenic country drive or small-town visit? The deadline to be included is **September 25** in order to get the maps printed in time for distribution and to advertise the Trail. Please call 903.533.1771 for additional information.

Please note: If you are interested in the Barn Quilt Workshop, contact Dana at The Crafty Fox on Face Book or www.thecraftyfoxytyler.com .

Name _____

Print name on map yes No
